In the Name of Allah, the Merciful, the Compassionate

KING FAISAL INTERNATIONAL PRIZE FOR MEDICINE

Certificate of Award

Having reviewed the amended statute of King Faisal International Prize, and the minutes of the Selection Committee for the King Faisal International Prize for Medicine meetings, held on 13-16 January 2007 (23-26/12/1427H), the Board of King Faisal International Prize hereby awards the 2007 King Faisal International Prize for Medicine (Prostate Cancer) to:

Professor Fernand Labrie

Co-Winner

In recognition of his pioneering role in developing LH Releasing Hormone agonists and combined androgen blockage therapy for the treatment of prostate cancer - these innovative procedures have replaced surgical removal of the testes and estrogen therapy, and changed the quality of life of prostate cancer patients. He has also evaluated early detection procedures for prostate cancer, which helped increase the patients' chances for survival.

With best wishes for continued academic distinction and success.

Khalid Al-Faisal ibn Abd Al-Aziz
Chairman of the Board
King Faisal International Prize

No.187 Issued in Riyadh
on 16/4/2007 (28/3/1428H)
